**6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

All the amendments are justified under A.R.S. § 41-1027(A)(7) because they will not increase the cost of regulatory compliance, increase a fee, or reduce procedural rights of persons regulated and they implement, without material change, courses of action proposed in the Department's Five-Year Rule Review Report approved by the Governor's Regulatory Review Council on June 1, 2021. Additionally, the amendments to R12-15-811(A)(5) and R12-15-814 are justified under A.R.S. § 41-1027(A)(3) because they make address changes, and the proposed amendments to R12-15-811(A)(3) and (4) are justified under A.R.S. § 41-1027(A)(6) because they amend rules that are outdated.

The following is an explanation of each rule amendment:

R12-15-401 (Article 4, Licensing Time-frames)

R12-15-401, Table A sets forth licensing time-frames for applications for licenses issued by the Department. The Department has determined that Table A does not include licensing time frames for 15 applications for which the Department issues a license. A list of the applications are as follows:

1. Final petition to establish new service area right by a city, town or private water company.
2. Application for permit to transport groundwater away from the Yuma groundwater basin pursuant to A.R.S. § 45-547.
3. Application for substitution of acres to allow irrigation with Central Arizona Project water in an active management area.
4. Application for approval of development plan to retire irrigation grandfathered right for a Type 1 non-irrigation grandfathered right.
5. Application for assignment of Type A certificate of assured water supply.
6. Application for assignment of Type B certificate of assured water supply.
7. Application for classification of Type A certificate of assured water supply.
8. Application for new certificate of assured water supply pursuant to R12-15-704(G).
9. Application for letter stating that owner is not required to obtain a certificate of assured water supply pursuant to R12-15-704(M).
10. Application for extinguishment of grandfathered right for extinguishment credits.
11. Application for conveyance of extinguishment credits.
12. Application for exemption from adequate water supply requirements pursuant to A.R.S. § 45-108.02 based on substantial capital investment.
13. Application for exemption from adequate water supply requirements pursuant to A.R.S. § 45-108.03 based on an adequate water supply within twenty years.
14. Application for re-issuance of drill card.
15. Application for equipment license for weather control or cloud modification.

R12-15-401, Table A is amended to add licensing time-frames for these applications.

Further, R12-15-401, Table A is amended to increase the administrative review time-frames and reduce the substantive review time frames for the following two applications: (1) application for a Water Report (Table A, No. 73); and (2) application for an Analysis of Adequate Water Supply (Table A, No. 75). These adjustments were made because the administrative review and substantive review time-frames are currently out of balance. The overall time-frames for the applications will not be changed.

Lastly, R12-15-401, Table A is amended to correct the statutory authorities cited for the following two licenses: (1) permit to appropriate water for an instream flow (Table A, No. 5); and (2) reversal of substitution of acres irrigated with Central Arizona Project Water (Table A, No. 20).

R12-15-811 and R12-15-814 (Article 8, Well Construction and Licensing of Well Drillers)

R12-15-811(A)(3) and (4) are amended to update the references to the American Society for Testing and Materials standard specifications. R12-15-811(A)(5) and R12-814 are amended to update the Department's address.

R12-15-1224 (Article 12, Dam Safety Procedures)

R12-15-1224(A)(2) is amended to remove specific references to the Arizona Department of Public Safety's emergency phone numbers because the Department has determined that it is no longer necessary to include the phone numbers in the rule.

- 7. A reference to any study relevant to the rule that the agency reviewed and either proposes to rely on in its evaluation of or justification for the rule or proposes not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

None.

- 8. A showing of good cause why the rule is necessary to promote a statewide interest if the rule will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable.

**9. A statement that the agency is exempt from the requirements under A.R.S. § 41-1055(G) to prepare and file an economic, small business, and consumer impact statement under A.R.S. § 41-1055(D)(2):**

This rule making is exempt from the requirements to prepare and file an economic, small business and consumer impact statement pursuant to A.R.S. § 41-1055(D)(3).

**10. A description of any changes between the proposed rulemaking, including supplemental notices, and the final rulemaking:**

None.

**11. A summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

The Department did not receive any public or stakeholder comments regarding this rulemaking.

**12. Any other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

The rules do not require the issuance of a regulatory permit, license or agency authorization. For that reason, A.R.S. § 41-1037 does not apply to R12-15-401, R12-15-811(A), R12-15-814 or R12-15-1212.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

There is no corresponding federal law.

**c. Whether a person submitted an analysis to the agency that compares the rules' impact of the competitiveness of business in this state to the impact on business in another state:**

No analysis was submitted.

**13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:**

The amendments to R12-15-811 incorporate the following materials by reference:

ASTM International Standard Specification F480-14 (2014), incorporated by reference in R12-15-811(A)(3).

ASTM International Standard Specifications A53/53M-20 (2020), A139/139M-16 (2016) and A312/312M-20 (2021), incorporated by reference in R12-15-811(A)(4).

**14. Whether the rule was previously made, amended, or repealed as an emergency rules. If so, cite the notice published in the *Register* as specified in R1-1-409(A) and state where the text was changed between the emergency and the final rulemaking packages:**

The rules were not previously made as an emergency rule.

**15. The full text of the rules follows:**
