My wife and I would like to go on record as supporting the proposed INA within the Hualapai Valley groundwater basin. We both feel that we need to take action now in order to prevent future loss of water.

We are 20 year residents of this area and would like to be put on your contact list for future notices and meetings. Please note our contact information below.

Also, we are aware of a well that is monitored by the state, just to the north of our home on Deer Springs Rd. Please tell me how I can find recorded water levels on that well.

Thank You,
