To: "sscantlebury@azwater.gov" <sscantlebury@azwater.gov>

Greetings-I have attended the last few water board meetings here in Kingman and have exhausted myself investigating the issue of permitting a INA concerning water in the Hualapai Basin.

In my research I have learned that the county of Mohave has been continuously requesting an INA to regulate water usage for many years. I have downloaded and read the letters and speeches and the work that has been conducted to save our most precious resource, and am amazed that nothing has been done to help the people of Mohave County and Kingman as well, to safe guard our water. I went as far back as 2014 and read letters and agendas requesting the same assistance as we are now in 2022.

I urge you, Mr. Director, please proceed to apply an INA over Hualapai Basin and help our people safe guard this most precious of resources, our water

Thank you for your time and efforts in this matter it is greatly appreciated.
