EXISTING WELL REGISTRATION NUMBER 55-
REPLACEMENT WELL REGISTRATION NUMBER 55-

Pursuant to Arizona Revised Statute A.R.S. § 45-454(I), within an Active Management Area, only one exempt well may be drilled or used to service the same non-irrigation use at the same location. Once the replacement well has been drilled, the well being replaced must no longer be used. The well being replaced must be capped in accordance with R-12-15-822 or abandoned in accordance with R12-15-816.

By checking the boxes and signing below, I state that this supplement is filed in compliance with A.R.S. § 45-454(I), is complete and correct to the best of my knowledge and belief, and I have read, understand, and will comply with the following:

- I understand that once the replacement well is drilled, I cannot use both the existing well and the replacement well at the same time.
- Once the Replacement well is drilled, I will cap the existing well and file a **Notice of Well Capping** form (DWR 55-39).

Or

- I am applying to have my original well abandoned in conjunction with my Notice of Intent to Drill a Replacement well. I have included a **Notice of Intent to Abandon** form (DWR 55-38).

The undersigned hereby certifies, under penalty of perjury, that the information contained, and statements made herein are true and that they are authorized to sign on behalf of the party for whom their signature appears.
