RC&D Mission:
The mission of the RC&D program is to make available financial, administrative, educational and technical resources of the Federal, State and local government and other public and private partnerships to increase the ability of communities to meet their regionally identified resources, conservation and economic development needs.

Little Colorado River Plateau RC&D Mission:
To support partnerships by providing leadership in natural resources, conservation and economic development with the communities and stakeholders of northeastern Arizona.

Little Colorado River Plateau RC&D Vision:
Where hopes and dreams become reality through collaboration and commitment.

WHAT WE DO:
⇒ Define a local problem
⇒ Develop a project
⇒ Promote community involvement
⇒ Find funding
⇒ Public Education and Outreach
⇒ Implement projects
