

ATTACHMENT A – SUBSTANTIAL CAPITAL INVESTMENT

This form should be submitted as an attachment to an application for a grandfathered right. The initial fee is \$1,000 for all applications that include consideration of substantial capital investment.

Determinations of substantial capital investment are very case and fact specific. ADWR cannot provide substantial capital investment interpretations or advice for individual applicants. If you have legal questions about your specific circumstances, you should consult with an attorney.

Identified below are common types of activities and investments made to prepare land for irrigation purposes. Please provide the required information on this form for each investment.

Any additional information that you feel would further support your claim, such as a Soil Conservation Service farm plan, could also be submitted.

Please understand that without this information, we will be unable to consider your substantial investment claim and as a result, unable to issue you a Notification of Authority to Irrigate Land within the Douglas AMA.
