Application for a Water Report

This application

This application is to obtain a Water Report. A Water Report must be obtained when land is subdivided outside of an active management area and is not served by a designated water provider. A current list of [designated providers](#) is available on the Department's website or you may request a copy from the Office of Assured and Adequate Water Supply. If a designated water provider serves the area of the subdivision, and the developer has obtained a written commitment of service from that provider, the subdivision does not need a Water Report. Water Reports are issued based on the subdivision's plat and in the names of the property owner(s). Although a Water Report is issued to the current property owner, at this time future owners may rely on the Water Report, assuming that there are no material changes to the plat and that the water supply plan remains the same. For more information, please see [A.A.C. R12-15-713](#).

NOTE: The issued Water Report is valid only for the plat on which the application was based. If the plat changes after the Water Report is issued, you may apply for a Material Plat Change Review under A.A.C. [R12-15-708](#) to determine if changes to the plat are material.

The Department strongly encourages a pre-application meeting if you have not previously been through the application process. Please contact the Office of Assured and Adequate Water Supply to schedule a pre-application meeting.

Please submit one copy of all application materials. If there is not enough room provided on this form for answers to any questions, please attach separate sheets as necessary.

Technical Registration Requirements

The Arizona Department of Water Resources requires hydrologic and engineering reports, studies, drawings and maps, specifications, analyses or related data submitted to support the evaluation of this application to be signed and sealed by a professional geologist or qualified professional engineer who is registered in the State of Arizona under the authority of A.R.S. Title 32, Chapter 1. For additional details regarding this requirement please refer to "Notification of Professional Registration Requirements for Persons Submitting Hydrologic Reports and Related Data to the Arizona Department of Water Resources to Support Applications for Permits or Approvals". This notice is on the Department's website in the category "Permits, Forms and Applications" and can be found under the heading "Professional registration requirements for persons filing hydrogeologic and engineering studies".

What is a subdivision?

All subdivisions outside active management areas, including those for residential, commercial or industrial uses are subject to the adequate water supply requirements. Please see the definition of a "subdivision" in [A.R.S. § 32-2101](#)

Time Frames for Review of Your Application

Within one hundred and twenty (120) days after receipt of your application, the Department will determine whether your application should be granted or denied, unless this time frame is extended as described below. In processing your application, the Department will first determine whether the application is administratively complete (administrative completeness review), and then whether the application meets the substantive criteria established by statute or rule (substantive review). Each of these reviews will be completed within the times stated below. The time for the

administrative completeness review plus the time for the substantive review is referred to the overall time frame.

1) Administrative Completeness Review Time Frame

Within sixty days (60) days after receipt of your application, the Department will determine whether your application is complete. After your application is complete, the Department will proceed with substantive review. If the Department determines that your application is incomplete, the Department will provide a written notice, including a comprehensive list of specific deficiencies. Until the missing information is received, both the administrative completeness review and the overall time frames will be suspended. When the Department receives the missing information, the administrative completeness review and overall time frames will resume. Your application will not be complete until all of the requested information is received. If you do not supply the missing information within sixty (60) days of receiving the written notice, your application may be denied.

2) Substantive Review Time Frame

Within sixty (60) days after the Department determines that the application is complete, the Department will review your application to determine whether it meets the substantive criteria required by statute or rule. By mutual written agreement between you and the Department, the time for substantive review may be extended by up to 30 days, which is twenty five (25) percent of the overall time frame as provided in [A.R.S. § 41-1075 \(B\)](#). During the substantive review, the Department may make one written request for additional information. You may also agree in writing to allow the Department to submit supplemental requests for additional information. If additional information is requested by the Department, both the substantive review and overall time frames will be suspended. When the additional information is received, the substantive review and overall time frames will resume. At the end of the Department's substantive review, the Department will send you a written notice either granting or denying your application. If your application is denied, the notice will include the justification for the denial and an explanation of your right to appeal the denial.

NOTICE: A.R.S. § 41-1030(B), (D), (E) and (F) provide as follows:

B. An agency shall not base a licensing decision in whole or in part on a licensing requirement or condition that is not specifically authorized by statute, rule or state tribal gaming compact. A general grant of authority in statute does not constitute a basis for imposing a licensing requirement or condition unless a rule is made pursuant to that general grant of authority that specifically authorizes the requirement or condition.

D. This section may be enforced in a private civil action and relief may be awarded against the state. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against the state for a violation of this section.

E. A state employee may not intentionally or knowingly violate this section. A violation of this section is cause for disciplinary action or dismissal pursuant to the agency's adopted personnel policy.

F. This section does not abrogate the immunity provided by section 12-820.01 or 12-820.02.

PART A - GENERAL INFORMATION

1. Please check the appropriate box:

- I am seeking a determination of adequate water supply. I am seeking a determination of inadequate water supply

NOTE: If an "Inadequate Determination Letter" has been issued for this subdivision or another phase of this subdivision, please provide a copy of the document (reference as an attachment):
 _____.

NOTE: A "determination of water inadequacy" means that without further Department review the application fails all review criteria.

2. Subdivision Information:

a. Name of Subdivision as it will appear on submittals to the platting entity and the Department of Real Estate:

b. Location of the subdivision: Township _____ Range _____ Section(s) _____
 If there is more than one township and range, please list them on a separate page and reference as an attachment.
 See attachment _____
 City: _____ County: _____

c. Number of lots: _____

3. Subdivision method of water distribution: Central distribution system (water provider) or Dry lot (individual wells).
 If there will be a central distribution system, identify the water provider and the water provider's system name, if it operates more than one system, which will be serving the subdivision. The water provider must be the same entity that signs the Notice of Intent to Serve. If there will be more than one water provider for the subdivision, please identify both water providers.
 Primary Water Provider: _____ System Name: _____
 System No. 91- _____ (Contact the Office of Assured and Adequate Water Supply)
 Secondary Water Provider (if applicable): _____ System Name: _____

4. Contact person for questions regarding this application:

Name: _____
 Company: _____ E-Mail: _____
 Address: _____ Phone: _____ Fax: _____

5. List the names of the entities or individuals who own the property on which the subdivision will be built. List each owner's name exactly as it appears on the title report or deed (attach additional sheets, if necessary). If the owner is a trust, please list the beneficiaries of the trust as well as the name of the trust itself. For assistance, contact the Office of Assured and Adequate Water Supply:

Owner: _____ Phone: _____ Fax: _____
 Address: _____ E-mail: _____

NOTE: Please attach proof of ownership in the form of a title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date this application is submitted to the Department and reference as an attachment. Attachment(s): _____

6. Please include a copy of the preliminary or final plat (reference as attachment): _____

PART B - DEMAND ESTIMATE

Please use the Subdivision/Development demand calculator provided by the Department to estimate the subdivision's demand. See the Department's website at <http://www.azwater.gov> and click on Permits, Forms and Applications to download a copy of the demand calculator **OR** provide a detailed explanation of the assumptions used in estimating the subdivision's water demand and reference the demand calculator and/or the assumptions used as an attachment. Attachment: _____

NOTE: Acreages used in the demand estimate should correspond to the plat map referenced in question A.6 above.

ESTIMATE OF ANNUAL WATER DEMAND: _____ acre-feet per year

PART C - CONTINUOUS AVAILABILITY AND LEGAL AVAILABILITY OF SOURCE WATER

Subdivision is a dry-lot subdivision.

- If the proposed subdivision is not a dry-lot subdivision, please attach a signed copy of the Notice of Intent to Serve Form included in this application. Please reference attachment: _____
- See A.A.C. R12-15-717 and R12-15-718 for documentation that should be submitted as evidence of continuous availability and legal availability (respectively) for each source of supply. Please reference attachment(s): _____
- Indicate the proposed water sources:

To complete the table below, multiply the Total Annual Demand computed in Part B by 100 to obtain the 100-year demand and enter at the bottom of the chart. Enter the appropriate 100-year demands for each type of water delivered to the subdivision for each category.

Source of Supply	100 Year Volume (ac-ft)	
	Primary Provider	Secondary Provider
Groundwater		
Colorado River Water:		
Direct treatment and delivery		
Stored and Recovered water		
Surface Water:		
Direct treatment and delivery		
Stored and Recovered water		
Effluent:		
Direct treatment and delivery		
Stored and Recovered water		
Other		
Total 100-yr Volume		

PART D - PHYSICAL AVAILABILITY OF WATER

1. A comprehensive hydrologic study must be submitted with this application. Unless the Department has previously reviewed the hydrologic conditions for this area and has issued a valid Letter of Water Availability, Physical Availability Determination or Analysis of Assured Water Supply. The Department has adopted a substantive policy statement to provide guidelines for preparing a new hydrologic study. The policy statement is available on the Department's website at <http://www.azwater.gov> under the Permits, Forms and Applications page.

Please indicate the evidence of physical availability and reference as an attachment: _____

- Water Availability Letter
- Physical Availability Determination
- New Hydrologic Study
- Other, please specify: _____
- Analysis of Adequate Water Supply

Technical Registration Requirements

The Arizona Department of Water Resources requires hydrologic and engineering reports, studies, drawings and maps, specifications, analyses or related data submitted to support the evaluation of this application to be signed and sealed by a professional geologist or qualified professional engineer who is registered in the State of Arizona under the authority of A.R.S. Title 32, Chapter 1.

2. Requesting a depth-to-static water level requirement exemption, per R12-15-716(C). **NOTE:** See Part F for acceptable methods of proving financial capability to obtain groundwater at the lower depth.
3. If this application references a Physical Availability Determination (PAD) or Analysis of Assured Water Supply (AAWS) and groundwater will be withdrawn from well locations different from those reviewed for the PAD or AAWS application on which the physical availability for this application is based, please provide the legal description (township, range, section, 180, 40, 10 quarter sections) of each proposed well that will be used to meet the estimate of annual water demand for this application and include the actual or anticipated pump capacity of each well in gallons per minute.
4. If you had a pre-application meeting with the Department, please indicate the date of that meeting: _____.
5. If you submitted a hydrologic study proposal to the Department's Hydrology Division for their review prior to submitting this application, please indicate the date of submittal of the hydrologic study proposal: _____.

PART E - WATER QUALITY

1. Are the well or wells from which water will be withdrawn for the subdivision within one mile of a Water Quality Assurance Revolving Fund (WQARF) or Superfund site? Yes No.
If "Yes", please submit a contaminant migration and mitigation analysis demonstrating that the water supply will continue to meet the water quality requirements in A.A.C. Title 18, Chapter 4, and reference as attachment: _____
2. Water provider(s) serving the subdivision will be regulated by the Arizona Department of Environmental Quality (ADEQ) or another governmental entity with equivalent jurisdiction. If this applies, independent proof of adequate water quality is not required, please skip to Part F. **NOTE:** If there is more than one water provider, and one or more of the providers are not regulated as indicated above, please answer question 4 for each of the unregulated providers.
3. If the subdivision will be a dry-lot subdivision, please provide current (within the last 60 days) analytical results on water samples taken from a well or wells constructed *within the subdivision*, or near where the wells will be drilled, demonstrating that the water meets water quality requirements in A.A.C. Title 18, Chapter 4, and reference as attachment: _____

4. If the subdivision will be served by a central provider that serves 15 customers or less, provide current (within the last 60 days) analytical results on water samples taken from a well or wells constructed *within the service area serving the subdivision*, demonstrating that the water meets water quality requirements in A.A.C. Title 18, Chapter 4, and reference as attachment:
-

NOTE: Information on the required water quality analyses may be found at the ADEQ website <http://www.adeq.gov>.

PART F - FINANCIAL CAPABILITY

- Subdivision is a dry-lot subdivision.** If this applies, proof of financial capability is not required, please skip to Part G.

Please check one of the following and include attachments as necessary: **NOTE:** If you are requesting a depth-to-static water level exemption, the financial capability *to obtain water at the lower depth* must be demonstrated by demonstrating that the wells have been drilled.

- The final plat will be submitted to a **qualified platting authority**. The Department maintains a list of **qualified platting authorities**. Contact the Office of Assured and Adequate Water Supply for assistance or visit the Department's website at <http://www.azwater.gov> and go to the Permits, Forms and Applications page.

The platting authority is: _____

- A letter from the water provider referencing the subdivision name and indicating that adequate delivery, storage, and treatment works have been constructed, and water service is available to each lot (reference as attachment): _____
- A performance bond has been posted with the platting authority for the entire cost of adequate delivery, storage, and treatment works (reference as attachment): _____

PART G – FEES

The initial fee for an application for a Water Report is \$1,000. Total fees for this application are based upon an hourly billable rate, which can be found on the ADWR web site @www.azwater.gov. If the costs of reviewing your application exceed \$1,000, you will be invoiced for the difference, up to a maximum total fee of \$10,000. Payment may be made by cash, check, or credit card (if you wish to pay by credit card, please contact the Office of Assured and Adequate Water Supply at 602-771-8599). Checks should be made payable to the Arizona Department of Water Resources. In addition to the hourly application fee, the applicant must pay any review-related costs associated with the application and the actual cost of mailing or publishing any legal notice of the application or any notice of a pre-decision administrative hearing on the application. Review-related costs are: (1) costs associated with a pre-decision hearing on the application, such as court reporter services and facility rentals for the hearing, and (2) mileage expenses for a site visit conducted before issuing a decision on the application. **Failure to enclose the initial application fee will cause the application to be returned. Fees for a Water Report Application are authorized by A.R.S. § 45-113 and A.A.C. R12-15-103.**

INITIAL FEE DUE:

\$1000.00

PUBLIC NOTICE PUBLICATIONS:

IF THE DEVELOPMENT IS LOCATED IN A JURISDICTION WHICH HAS ADOPTED AN ORDINANCE REQUIRING WATER ADEQUACY, THE APPLICANT WILL BE ASSESSED A PUBLIC NOTICE FEE. PUBLIC NOTICE FEES ARE DETERMINED BASED ON THE NUMBER OF LINES NEEDED IN THE NOTICE. THEREFORE, THE APPLICANT WILL BE NOTIFIED OF THE COST PRIOR TO PUBLICATION. A CHECK FOR THE PUBLIC NOTICE FEE PAYABLE TO THE DEPARTMENT OF WATER RESOURCES WILL BE REQUIRED BEFORE A WATER REPORT IS ISSUED.

DID YOU REMEMBER?

- To completely fill-out the application form?
- To include two copies of preliminary plat?
- To include a signed Notice of Intent to Serve?
- To include a Hydrologic study, if required?
- To include all documents referenced in the application?
- To include correctly calculated fees?
- To submit an additional payment for the **public notice fee** when notified by the department.
- To have application signed by **each applicant** or an authorized agent **for each applicant** and include proof of the authorization?

____ City or Town; ____ Irrigation District; ____ Water Improvement District;

____ Private Water Company Regulated by the Arizona Corporation Commission ("PWC");

Is the Subdivision within the PWC's existing Certificate of Convenience and Necessity ("CC&N")? ____ Yes ____ No

If "No", has an application for an extension of the CC&N been filed? ____ Yes ____ No

If "Yes" date of submittal: _____ Please include a copy of the application for CC&N extension and reference as an attachment. *If the Subdivision is not within the PWC's CC&N, a Certificate of Assured Water Supply will not be issued until the CC&N has been extended to include the Subdivision.*

____ Homeowners' Association ("HOA")

If HOA, please provide the documents that establish the HOA and evidence that the Arizona Corporation Commission ("ACC") has adjudicated the HOA "not for public service," and therefore not subject to regulation by the ACC.

COMPLETE THIS SECTION IF SUBDIVISION IS LOCATED WITHIN AN ACTIVE MANAGEMENT AREA:

ADWR Service Area Right Number: _____ *Number can be found on ADWR Annual Reports*

Is the Subdivision located within the Municipal Provider's existing operating distribution system? ____ Yes ____ No

If no, will the Municipal Provider be establishing a new service area right to serve the Subdivision? ____ Yes ____ No

If yes, what type of right will be used to establish the service area right? _____

If the Subdivision is not within the Municipal Provider's operating distribution system, the Municipal Provider must begin the process to establish a new or satellite service area right or enter into an agreement with the undersigned Owner to extend water lines to the subdivision before a Certificate of Assured Water Supply will be issued. Please contact your local AMA office for more information on establishing a new service area right.

The undersigned Owner and Municipal Provider certify that: (1) They have entered into an agreement whereby the Municipal Provider agrees to provide the Subdivision sufficient water to satisfy the potable non-potable (please check one) water demands of the Subdivision; (2) that well(s) of sufficient capacity either are constructed or will be constructed in a timely manner to serve the Subdivision's groundwater demands on a continuous basis for 100 years; (3) the aforementioned agreement is binding upon the present and future agents, servants, representatives, successors in interest and assigns of the Municipal Provider and the Owner; and (check which of the following applies):

(a) the Subdivision is within 660' of the Municipal Provider's operating distribution system or,

(b) the undersigned Owner and Municipal Provider have entered into an agreement binding upon the present and future agents, servants, representatives, successors in interest and assigns of the Municipal Provider and the Owner to extend water lines to the subdivision, or

(c) a new service area right will be established to serve the Subdivision (if subdivision is located within an active management area). This Notice of Intent to Serve is conditioned upon the Municipal Provider's receipt of necessary approvals from the relevant regulatory agencies and the Municipal Provider's receipt of all necessary payments.

The Municipal Provider certifies that it is regulated by ADEQ, or another governmental entity with equivalent jurisdiction, as a public water system pursuant to A.R.S. § 49-351 et seq., and that the Municipal Provider is in compliance is not in compliance (please check one) with A.A.C. Title 18, Chapter 4.

If the Municipal Provider is a PWC, then the Municipal Provider further certifies that the Subdivision is within the boundaries of its CC&N, or that a formal request has been filed with the ACC to extend the boundaries to include the Subdivision.
